

Model Code F2301

revision 00 of 08-07-16
(the present replaces any previous versions)

Designer: centro studi interno

Structure: pinewood, beech-wood, multilayer and plywood covered with polyurethane foam. Additional cover in thermo-bonded fiber lined with canvas.

Spring system: elastic webbing.

Seat Padding: seat cushions in ecologic polyurethane foam and memory foam sheet, covered with 100% polyester layer. Additional cover in thermo-bonded fiber lined with canvas.

Back Padding: feather mix back cushions.

Arm Interior: feather mix arm cushions.

Removability: removable covers on back, seat and arm cushions only.

Sewing: leather covers feasible with contrast stitching in the colors available; cuts and sewing vary on microfiber (or fabric) covers.

Mechanisms: manually liftable panel positioned on the upper rear side of the sofa; the panel can be manually lifted thanks to two metal joints. A 90° rotation of the panel allows the back cushions to be repositioned, thus increasing the seat depth by 18 cm and the height of the model by 18 cm. RHF/LHF mer. sq. chair corn. sq. (043/044) is not equipped with any mechanism on the corner.

Components: the model comes equipped with n. 1 loose arm cushion per arm side, that can be used as lumbar support when the back is positioned upwards. An armrest cushion per seat is recommended.

Standard feet: PM988, h. cm.16 available in shiny metal or gravel grey varnished.

Optional versions: feather mix arm cushions (version 683)

Please note: leather covers come in combination with Lady, a soft, suede-effect microfiber fabric. Lady is a water-repellent fabric; it is placed on the rear side of back cushions and armrest pillows, both loose and reversible, and on part of the frame. The color of the fabric is not always identical to the color of the leather; it does however match with it ("tone-on-tone"). Alternatively customers may choose the desired color match and indicate their color choice on the order. The colors available for this article are shown in the Lady's folder.

Density of seat and back
